

## SANTIAGO DE CHILE AND THE BUDDY BEARS

Santiago de Chile welcomed the 2m tall bears of the United Buddy Bears exhibition – which are presented in the Parque Bicentenario from 23rd April until 19th June 2015. Because the German Embassy in Santiago de Chile took the initiative, the United Buddy Bears were able to add an exhibition in Santiago de Chile to their global tour. The exhibition receives additional support by the Chilean municipality of Vitacura and the Galería Artium. The official exhibition opening is scheduled for 23rd April 2015.

Edgardo Riveros, Statesecretary for Foreign Affairs in Chile and the German Ambassador of Chile, Hans-Henning Blomeyer-Bartenstein, held impressive opening speeches.

## GREETINGS FROM THE MINISTER OF FOREIGN AFFAIRS OF CHILE, HERALDO MUÑOZ VALENZUELA

"...Felicito a todos los artistas que con su talento han contribuido a convertir a United Buddy Bears en un evento cultural y benéfico de renombre internacional durante sus 14 años de itinerancia.

Y felicito de manera especial a los organizadores y a todos quienes apoyan esta loable iniciativa, la que no sólo despliega belleza artística en cada ciudad que ha visitado, sino que también nos invita a conocernos mejor y fortalecer confianzas con miras a construir sociedades más justas y prósperas."
